This form is optional and provided to assist any member of the public in making comments on Nacitone Goals DRAFT 1.2. Your input on the questions below would be most helpful to the Steering Committee and Technical Advisory Committee.

You are also welcome to provide a track changes version of the document or a list of comments referenced by page number and/or section.

Questions for consideration:

1. Issue statements

Is the statement accurate and clear? Please be as specific as possible.

2. Status and References

Is this section accurate? If not, please provide specifics where possible. What additional information would strengthen and clarify the issue?

3. Goals, objectives and implementation steps

Are there other goals and objectives that you think would be important for addressing each "ISSUE"? If possible, please suggest implementation steps to go with any additional goals/objectives that you suggest.

4. Prioritizing implementation steps

Under each "issue" that you are reviewing, please number the implementation steps in your suggested priority order, #1 being the highest priority.

5. Method for Prioritizing recommendations

Please read the sub-section "Prioritizing Recommendations: the next step"

Are the eight criteria listed appropriate for prioritizing? Please suggest additional or revised criteria and/or other methods for conducting this type of prioritization.
